### 1. Start a new monthly membership (Monthly Direct Debit) Select 'BUY A PLAN'

If a membership plan is purchased mid-month a pro-rata payment for the remainder of the month will be added to the cart. Future payments will then go out on the 1st of every month. With a new membership plan both amounts will be added to the cart and the pro rata payment will be charged at the time of purchase. You'll find some screenshots below to help you through this process.

If you train multiple times a week, you can add additional membership plans.

#### Please note:

- The monthly membership plan is at an **introductory price of £30 per month** for all current active students. This price will increase in the coming months for all new plans.

- Monthly membership plans are charged on the 1st of every month and the next one will be on 1st May 2025.
- Since we'll be returning from the 23rd April 2025, there will still be one training week remaining this month. The last sessions of the month are Wednesday 23rd 7pm, Friday 25th 7pm and Sunday 27th 9am, 10am, 11am.
- If you choose to purchase a monthly plan now, your payment schedule will show all of your upcoming payments for the year and will also include the pro rata amount for the chosen last session(s) of the month mentioned above. This means that you will only pay the pro rata balance on purchase.
